

Passport to Success – Part I

Preparing for the Journey

On February 23, 2008, various parishes throughout the Diocese sent their Leadership to a one-day training and enrichment event. It was a full day of learning, sharing and networking, for both established and new Catechetical Leaders.

Here's what they had to say:

The best part of the seminar:

- ✚ knowledge shared by presenters
- ✚ sharing with other people
- ✚ prayer services, small group discussions
- ✚ a feeling of unity and being with other people who care and support what we do
- ✚ well organized

Future learning plans:

- ✚ attend Passport II
- ✚ participate in future seminars
- ✚ theology classes
- ✚ diocesan events; professional development opportunities
- ✚ will definitely implement what I learned today

We are all striving to be fully formed disciples and hunger for the knowledge to do just that. We are never too old to learn and with Christ as our Teacher, through others, why are we not begging for more..."Lord, teach us to pray." (Luke, 11:1)

Come join your fellow "**workers,**" because "***Christ needs laborers ready to work in his vineyards.***"
(Pope John Paul II, Aug. 15, 1993)
